

Private Equity

March 2013

Welcome to Preqin Private Equity Online Product Update, our subscriber-only newsletter. Our analysts update thousands of pieces of information every month; this document is designed to show you some of the improvements and additions to our products as well as the more interesting, and often exclusive, intelligence gathered by our analysts in recent weeks.

Funds in Market and Fund Manager Profiles

Each month, Preqin's research team contacts hundreds of fund managers around the world, as well as actively tracking a large number of industry news sources, to ensure the [Funds in Market](#) product is up to date. Ninety funds have been added to Preqin's Funds in Market product over the past month. The [Recently Added Funds](#) page details all funds that have been added to the product over the past 30 days that are actively raising capital, and details if they have so far held a first or second close. Users are provided with a link to each of the new fund profiles and premium subscribers are able to download this information into excel.

Recently added funds this month include [Qbic Fund](#), the debut fund being raised by [Qbic](#), a Belgium-based firm, with a focus on early stage Belgian companies with a diversified industry sector focus, and primary focus on life sciences, new materials and IT. Another notable fund which was recently added is [EQT Global Mid-Market Buyout](#), a buyout fund with a target of €1bn, a global focus and a diversified industry sector focus.

All downloads from Preqin's [Fund Manager Profiles](#) now features figures for Total Funds Raised in the Last 10 Years with a Euro denomination, in addition to the US Dollar figures. The download also features Estimated Dry Powder in USD.

In addition, investment and portfolio company metrics are now available via both the [FMP Advanced Search](#) download and the [Search by Type/Location](#) download. Metrics featured on the downloads include maximum and minimum values for equity investment sizes, transaction sizes and EBITDAs, as well as portfolio companies' values and annual revenues. Preqin currently holds investment metrics on almost 4,000 firms worldwide.

If you have any feedback regarding either Funds in Market or Fund Manager Profiles, please contact Richard Stus: rstus@preqin.com

Performance Analyst

Subscribers to Preqin's [Performance Analyst](#) are now able to view full Q3 2012 Benchmarks, which are available on the [Market Benchmarks](#) page. In addition, updated PrEQIn Index figures to Q3 2012 are also now available and can be found on the [Quarterly Index](#) page.

To ensure that potential investors are seeing the most accurate and up-to-date information on your firm's performance, please contact us at teampreformance@preqin.com to contribute your latest fund level performance data.

Investor Intelligence

Subscribers to [Investor Intelligence](#) can receive fully customized weekly or monthly email digests of updates and news on investors through the [Preqin Alerts Centre](#), including details of LPs recent fund commitments, updates on their investment strategy and future investment plans.

A new feature added to the alerts service this month allows users to view which parts of the investor profiles have been updated when viewing alert emails in their inbox. This includes assets, allocations, investment preferences, future investments, co-investments, contact details and more. Click [here](#) to sign up to investor alerts today.

Each month, Preqin's research analysts speak to hundreds of LPs around the world, in order to find out their current appetite for private equity and their future investment plans. Below is a sample of some of the LPs we have spoken to this month that are looking to make new commitments to private equity funds over the next 12 months:

Sample of Recently Updated Investor Profiles

Investor	Investor Type	Location	Plan for Next 12 Months
Sampension	Public Pension Fund	Denmark	The public pension fund is looking to commit between \$100mn and \$120mn to two or three secondaries funds over the coming year. It plans to target US-focused funds and will consider forming new GP relationships over the coming year.
Abudawood Group	Investment Company	Saudi Arabia	The investment company expects to make between eight and 12 new private equity fund commitments over the next 12 months. It will consider committing capital globally to a range of fund types, including buyout and growth funds, as well as secondaries funds and fund of funds vehicles.
Moreland Management Company	Single Family Office	US	The family office plans to deploy capital across 10 to 15 new private equity funds, committing \$4mn to \$10mn per fund. It has a preference for investing in buyout vehicles, but will also consider venture capital funds and distressed private equity funds going forward.
Swedfund	Government Agency	Sweden	The government agency has resumed investing in private equity funds following a mandate allowing it to invest in emerging and developing markets. It expects to commit capital to two Africa-focused private equity funds during 2013, having not made a fund commitment since 2010. Its previous investments include commitments to venture capital and growth vehicles.
Georgia Tech Foundation	Endowment	US	The endowment plan anticipates committing between \$40mn and \$80mn in total across four to eight new private equity funds over the coming year. It will target buyout, natural resources and distressed debt funds focusing on opportunities in the US.

Secondary Market Monitor

Preqin's [Secondary Market Monitor](#) can be used to identify and track secondaries funds [currently raising capital](#), which is constantly maintained and updated by our team of research analysts. This month, we added the latest vehicle for secondary fund of funds manager, [Private Equity Investors](#) to the product. [Private Equity Investment Fund VI](#) has a target of \$250mn and will focus on buying mature interests in buyout, venture capital, growth and mezzanine funds, as well as in portfolios of direct private investments, primarily in the US. Subscribers to Preqin's Secondary Market Monitor are able to search for private equity, real estate and infrastructure secondaries funds in market by primary geographic focus and fund size.

Patrick Adefuye
Manager, Secondaries
Data

Looking for more information? If you have any feedback, suggestions or requests regarding Secondary Market Monitor, please contact Patrick Adefuye: padefuye@preqin.com

Deals Analyst

Preqin's [Buyout Deals Analyst](#) holds data on over 1,300 financial advisors and over 900 legal advisors to private equity-backed buyout deals. It also contains details on 760 debt providers and over 270 mezzanine providers financing such deals. Subscribers to Buyout Deals Analyst are able to search for [service providers](#) by type of provider, portfolio company location and industry, deal date and advisor name.

Premium subscribers to Buyout Deals Analyst are able to download all the results into excel and analyze which service providers are most active in the private equity-backed deals industry, as well as what deal size, deal type and sector they have most experience in.

Preqin's [Venture Deals Analyst](#) also has a [service providers](#) feature and contains details of over 300 financial advisors and over 240 legal advisors to venture capital-backed investments. Subscribers to Venture Deals Analyst are able to search for service provider by type of provider, financing stage, portfolio company location and industry, deal date and advisor name.

Premium subscribers are able to download the search results to excel and analyze service providers' activity by, for instance, portfolio company location and industry, investment stage and size.
